

ACCME Menu of Criteria for Accreditation with Commendation

To be eligible for Accreditation with Commendation, CME providers need to demonstrate compliance with any seven criteria of their choice, from any category—plus one criterion from the Achieves Outcomes category—for a total of eight criteria from this menu. Compliance with the commendation criteria is optional for CME providers and is not required to achieve Accreditation. For more on ACCME’s Menu of Criteria for Accreditation with Commendation, visit www.accme.org/commendation.
