

ACCME Menu of Criteria for Accreditation with Commendation

To be eligible for Accreditation with Commendation, CME providers need to be found in compliance with all core accreditation criteria and, in addition, demonstrate compliance with eight of the 16 commendation criteria, including at least one from the Achieves Outcomes category. Compliance with the commendation criteria is optional for CME providers and is not required to achieve Accreditation. For more on ACCME's Menu of Criteria for Accreditation with Commendation, visit accme.org/commendation.
