# Premier Technology Partner Program

## Partnering to Power the Future of CME

The Accreditation Council for Continuing Medical Education (ACCME) invites select Learning Management System (LMS) companies to join the **Premier Technology Partner Program** — a new strategic collaboration advancing the future of continuing education.

This exclusive program recognizes LMS companies that demonstrate seamless, high-quality integration with ACCME's Program and Activity Reporting System (PARS) and/or Joint Accreditation's Program and Activity Reporting System (JA-PARS), supporting accredited CME/CE providers across the United States.

## Exclusive Benefits for Our Premier Technology Partners

### Enhanced Visibility and Recognition

- Promote your leadership with the **ACCME Premier Technology Partner badge** on your website and marketing materials.
- Be highlighted on **ACCME.org** as a trusted integration partner.
- Be featured in the ACCME newsletter and social media channels.

### Premium Support and Collaboration

- Priority access to ACCME's technical staff.
- Quarterly one-on-one technical check-ins to strengthen your integration and customer success.
- Participation in the **Premier Technology Partner Roundtable** — a dedicated forum to preview system enhancements, share insights, and help shape best practices.

### Superior Technical Integration

- Early access to a testing environment to verify integrations before client deployment.
- Proactive previews of upcoming changes to PARS/JA-PARS APIs and reporting structures.

### Market Growth Opportunities

- Access to **ACCME's list of accredited organizations** (at the organizational level) to identify collaboration opportunities.
- Premier Technology Partner ribbon recognition and discounted exhibitor registration at **ACCME's Learn to Thrive**.

### Training and Enablement

- Complimentary enrollment for your technical and sales teams in **ACCME Academy's CME/CE Orientation Program** — helping your team align with the needs of accredited providers.

## What It Means to Be a Premier Technology Partner

**Premier Technology Partners commit to:**

- **Integration Excellence:** Conform to ACCME's technical specifications for activity and learner data reporting, including dropdown fields, matching protocols, error handling, and API usage.
- **Customer Success:** Offer sandbox testing environments and train LMS customer service teams on supporting PARS/JA-PARS integrations.
- **Shared Mission:** Support accredited providers' success by making CME/CE reporting seamless, secure, and learner-centered.
- **Stewardship of Data:** Protect physician learner data in compliance with ACCME security and privacy standards.

## Steps to Join

1. **Apply:** Review and sign the Premier Technology Partner agreement.
2. **Collaborate:** Share a list of clients actively integrated with PARS/JA-PARS to ensure alignment and service excellence.
3. **Train:** Complete ACCME Academy's online LMS Orientation Program.
4. **Certify:** Pass integration testing in a sandbox environment to ensure reliable deployment.
5. **Demonstrate Excellence:** Deliver a customer experience that supports smooth reporting into PARS/JA-PARS.
6. **Invest in Leadership:** Pay the annual $15,000 Premier Technology Partner fee to participate.

## Eligibility Criteria

- Maintain a proven, current integration with PARS and/or JA-PARS.
- Meet ACCME's technical, testing, security, and privacy requirements.
- Offer the technology as a distinct, independently available solution.
- Agree to the program terms, complete the attestation, and pay the annual fee.

**For more information or to join the program,** please contact ACCME's Technical Support Team: **dataservices@accme.org.**
